Corporate Governance Statement

At Terramin, governance is an essential part of the way we work; not just in what we do, but in how we act, how we speak to each other and how we evaluate our behaviour. Our culture and values are aligned with, and support, good governance practices.

This corporate governance statement sets out the key features of the Terramin Australia Limited governance framework and reports against the Corporate Governance Principles and Recommendations (3rd edition) published by the ASX Corporate Governance Council (ASX Principles and Recommendations).

The Board is committed to conducting the Company's business in accordance with high standards of corporate governance and with a view to creating and delivering value for shareholders. To this end, the Board has adopted a system of internal controls, a risk management framework and corporate governance policies and practices, which are designed to support and promote the responsible management and conduct of the Company.

Throughout 2018, the Company's governance arrangements were consistent with the ASX Principles and Recommendations, where practicable. During 2018, the Company undertook a strategic review and continued to work on progressing various changes identified as part of that review. Where the Company's compliance with the Principles and Recommendations is reflected in a separate document or policy, a reference to the location of that document or policy is included in this statement.

In accordance with the ASX Principles and Recommendations, the Company's policies and charters referred to in this statement are available on the Corporate Governance section of the Company's website. References in this statement to "reporting period" are to the financial year ended 31 December 2018.

The Board is responsible for overseeing the management of the Company. The Board has adopted a Board Charter that sets out its roles and responsibilities, which includes setting the Company's goals and objectives, reviewing and monitoring the Company's material risks and its system of internal compliance and controls, setting an appropriate corporate governance framework, and determining broad policy issues for the Company. The Board also ensures that specific powers and responsibilities have been delegated to Company Executives and that the overall strategy is aimed at delivering value for shareholders. Two committees help the Board with the effective discharge of its responsibilities.

Audit and Risk Committee - assists the Board in the effective discharge of its responsibilities in relation to financial reporting and disclosure processes, internal financial controls, funding, financial risk management, including external audit functions, and oversight of the internal control and risk management system's effectiveness.

A listed entity should:

- (a) *undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director; and*
- (b) *provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.*

Prior to the appointment of a person, or putting forward to security holders a candidate for election, as a director, the Company undertakes checks which it believes are appropriate to verify a director's character, experience, education, criminal record and bankruptcy history including for new directors:

- background and reference checking;
- requesting information in relation to the person's current and previous positions, directorships, bankruptcy history and any potential conflicts of interests.

The Company ensures that all material information in its possession relevant to a shareholder's decision whether to

elect or re-elect a director, including the information referred to in Recommendation 1.2, is provided to shareholders in the Company's Notice of Annual General Meeting.

Recommendation 1.3 – Recommendation followed

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

Each director and senior executive of the Company has an agreement in writing with the Company which sets out the key terms and conditions of their appointment including their duties, rights and responsibilities and (to the extent applicable) the matters referred to in the commentary to Recommendation 1.3.

Recommendation 1.4 – Recommendation followed

The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

The Company Secretary has a direct line of reporting to the Chairman and is responsible for:

- advising and supporting the Chairman and the Board and its committees to manage the day to day governance framework of the Company;
- assisting with Board effectiveness by monitoring whether applicable Board and committee policies, procedures and charters are followed and coordinating timely completion and despatch of Board agendas and papers; and
- assisting with all matters to do with the proper functioning of the Board including advising on governance matters and assisting with induction and professional development of directors.

The responsibilities of the Company Secretary are set out in the Board Charter located at:

<https://www.terramin.com.au/corporate/charters-policies/>

Recommendation 1.5 – Recommendation not followed

A listed entity should:

- (a) *have a diversity policy which includes requirements for the board or a relevant committee of the board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in achieving them;*
- (b) *disclose that policy or a summary of it; and*
- (c) *disclose as at the end of each reporting period the measurable objectives for achieving gender diversity set by the board or a relevant committee of the board in accordance with the entity's diversity policy and its progress towards achieving them, and either:*
 - (i) *the respective proportions of men and women on the board, in senior executive positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes); or*
 - (ii) *if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.*

The Company seeks to treat everyone with fairness and respect which includes valuing diversity and difference and acting without prejudice. The Company believes that decision-making is enhanced through diversity and supports and encourages diversity at all levels of the organisation in accordance with the Company's Diversity & Equal Employment Opportunity Policy. A copy of the Diversity & Equal Employment Opportunity Policy is located at:

<https://www.terramin.com.au/corporate/charters-policies/>

The Nomination & Remuneration Committee is responsible for recommending to the Board any measurable objectives for achieving gender diversity and reviewing regularly any such objectives and the Company's progress towards achieving them. The Committee reviews and reports to the Board at least annually on the relative proportion of women and men appointed or employed within the Company group. A copy of the Committee Charter is located at:

<https://www.terramin.com.au/corporate/charters-policies/>

Given the size of the Company and status of the Company's exploration and development projects, the directors believe that it is not appropriate at this stage

to set measurable objectives in relation to diversity beyond those included in the Diversity & Equal Employment Opportunity Policy. Notwithstanding this, the Company strives to provide the best possible opportunities for current and prospective employees of all backgrounds in such a manner that best adds to overall shareholder value and which reflects the values, principles and spirit of the Diversity & Equal

Employment Opportunity Policy. The directors also believe that diversity is a relevant consideration for constitution of an effective Board, as discussed at Recommendation 2.2.

For the reporting year ended 31 December 2018, the Company had a total of:

- 4 female employees out of a total of 13 employees in Australia (not including overseas employees);

- (a) *have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and*
- (b) *disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.*

The Board recognises that as a result of the Company's size and its position as a publicly listed exploration and development company, the assessment of the Board's overall performance and its own succession plan is conducted on an ad hoc basis. Whilst Recommendation 1.6 is not strictly followed the Directors consider that at the date of this report the evaluation process of company directors is appropriate and effective. A more formal process of Board assessment will be considered in the future as the Company develops.

The informal review undertaken by the Board takes into account various matters including those set out in the Board Charter located at:

<https://www.terramin.com.au/corporate/charters-policies/>

The Nomination & Remuneration Committee assists the Board as required with the evaluation of performance of directors.

Recommendation 1.7 – Recommendation followed

- (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.

These evaluations take into account criteria such as the achievement and performance towards the Company's objectives and (where appropriate) performance benchmarks and the achievement of individual performance objectives.

During the reporting period, senior executives had performance agreements and annual review processes were in place.

Principle 2 – Structure the board to add value

Recommendation 2.1 – Recommendation followed

The board of a listed entity should: (a) have a nomination committee which: (i) has at least three members, a majority of whom are independent directors; and (ii) is chaired by an independent director, and disclose: (iii) the charter of the committee; (iv) the members of the committee; and (v) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or (b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.

<https://www.terramin.com.au/corporate/charters-policies/>

The Committee's members, the number of times the Committee met throughout the reporting period and the attendance of the Committee's members at those meetings are set out on page 15 of the 2018 Annual Report.

<https://www.terramin.com.au/category/annual-reports/>

Recommendation 2.2 – Recommendation followed

A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.

The Board regularly evaluates the mix of skills, experience and diversity at the Board level. The Board believes that a highly credentialed Board, with a diversity of background, skills and perspectives, will be effective in supporting and enabling delivery of good governance for the Company and value for the Company's shareholders. The mix of skills comprised in the current Board, and that the Board would look to maintain, and to build on, includes:

Recommendation 2.3 – Recommendation followed

A listed entity should disclose: (a) the names of the directors considered by the board to be independent directors; (b) if a director has an interest, position, association or relationship of the type described in Box 2.3 but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and (c) the length of service of each director.

In the opinion of the board, to qualify as being “independent”, a director must be independent of management and free of any business or other relationship which could materially interfere or could reasonably be perceived to interfere materially with the Director’s independent exercise of their judgement.

Mr Angelo Siciliano and Mr Feng Sheng were appointed to the Board in January and April 2013, respectively and represent Asipac Group Pty Ltd (**Asipac**) and associated entities. Asipac is a substantial shareholder and financier of the Company. Mr Feng is director and substantial shareholder of Asipac. Mr Siciliano is also the Chief Financial Officer of Asipac. As such, Mr Sheng and Mr Siciliano are not considered by the Board to be independent directors for the purpose of ASX Recommendation 2.3. Mr Kennedy and Mr McGuinness are both considered by the Board to be independent directors, having regard to the factors set out above.

Recommendation 2.4 – Recommendation not followed

A majority of the board of a listed entity should be independent directors.

The Company currently does not follow the recommendation of principle 2.4 as the Board does not have a majority of independent directors (2 out of the 5 directors are independent).

In accordance with the ASX Recommendations, the independence of a director is assessed by determining whether the director is independent of management and free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgment. The test of whether a relationship or business is material is based on the nature of the relationship or business and on the circumstances and activities of the director. Materiality thresholds are considered by the Board from time to time.

As stated above, Mr Sheng, Mr Siciliano and Mr Wang are not deemed to be independent for the purpose of the ASX Recommendations.

Mr Kennedy and Mr McGuinness are both regarded as independent as they are free of any business or other relationship that could materially interfere with, or

could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgement.

As the business develops, changes to and/or further appointments to the Board may be warranted and the Board will consider the need to appoint independent directors.
